The Greatest Gift Of All

My friends are there to catch me
They're there to catch me when I fall
My friends are there to catch me
Their loving kindness matters most of all
(They're there to listen when I call)
That's the greatest gift of all

My family's there to catch me
They're there to catch me when I fall
My family's there to catch me
Their loving kindness matters most of all
That's the greatest gift of all

The darkest moments of my life
Can't hold a candle to the power of their love
'Cause I am never lonely
I'm never on my own

My God is there to catch me
He's there to catch me when I fall
My God is there to catch me
Her loving kindness matters most of all
That's the greatest gift of all
The greatest gift of all
The greatest gift of all
That's the greatest gift of all
